Resurfacing Project on 123rd Street from La Grange Road to Harlem Avenue

CHICAGO – The Illinois Department of Transportation (IDOT) announced that daytime lane closures will take place on 123rd Street from La Grange Road to Harlem Avenue, in Palos Park and Palos Heights, beginning, weather permitting, Tuesday, April 18. The closures are necessary for a resurfacing project on 123rd Street.

In order to complete the work, daily lane closures will take place on 123rd Street between La Grange Road and Harlem Avenue during off-peak hours. Traffic will be reduced to one lane with flaggers during construction activities.

The scope of the project includes resurfacing and pavement patching, as well as repair of sidewalk, curb and gutter. The project is expected to be completed in Summer 2017.

Motorists are encouraged to seek alternate routes through the area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
